MEMORANDUM FOR: Deputy to the DCI for the Intelligence
Community

SUBJECT : Assistance to the Intelligence Community
Staff

Lew:

I would like to supply the following
information to assist you and [] in organizing
the IC Staff.

25X1

In the case of people on your Staff, those
who are reimbursable should be part of the CIA budget.
Those who are non-reimbursable do not require any budget

25X1

Recognizing the present excess exercise
and the budgetary pressures, I would appreciate hearing
from you as soon as possible in terms of any potential
changes to those budget items, whether they be in terms of
needing additional slots, and therefor providing relief to
you, or whether they permit you to release slots to the
remainder of the Agency which could perhaps ease some of
our pain.
